## PROFILE SUMMARY

Motivated and passionate Full Stack Developer with practical experience in designing and developing modern web applications using the MERN stack. Solid understanding of HTML, CSS, and JavaScript, with a keen eye for responsive design and clean UI/UX. Built projects like food delivery and streaming site clones, showcasing both frontend creativity and backend logic. Quick learner, adaptable, and ready to take on real-world challenges in a collaborative development environment.

## PROJECTS

### On-demand Home Cook Food Delivery Platform

Built a hyperlocal food delivery app offering fresh homemade meals with real-time order tracking. Included modules for chef registration, menu uploads, user location detection, cart and checkout system, and an admin panel for managing orders and monitoring daily menus.

### E-commerce Platform for Handmade Products (Desi Etsy)

Built a full-stack e-commerce platform for handmade products (Desi Etsy) using React, Node.js, and Express. Features include artisan registration, product management, filtering, cart, and admin approval with a responsive, user-friendly interface.

### Portfolio - Designs That Work & Inspire

Designed responsive websites using HTML, CSS, and Bootstrap with a focus on clean UI and mobile-first design. Created landing pages, multi-page layouts, and reusable front-end components for seamless user experience.
